

## IS THIS WHAT AILS YOU?

If the Symptoms Fit Your Case, Remember "A Disease Once Known is Half Cured."

Feel feverish? Have headache? Backache? In fact, "ache all over"? Have occasional chills sensations? Appetite gone? Tongue furred? Bad taste, especially in morning? Bad, foul breath? Perhaps nausea, or "sickness at stomach" occasionally? Feel weak, tired, blue and discouraged?

The above are symptoms common to stomach and liver derangements and often precede attacks of fever and malarious affections, grip, bronchitis, and "lung fever," or pneumonia.

Whoever ailments they point to, you may be sure that it is best to get rid of them as soon as possible by putting your system to rights, regulating, toning up and invigorating stomach, liver and bowels, and thus purifying your blood and system and enabling it to throw off the attack.

For the above purpose, medical science has as yet produced no better agent than Dr. Pierce's Golden Medical Discovery. It is not a secret, or patent medicine, all its ingredients being printed on the bottle wrapper. It is the prescription of a well-known and experienced physician. It contains no alcohol or other harmful, habit-forming agents—chemically pure, triple-refined glycerine being used both as a solvent and preservative of the medicinal extracts of which it is composed.

It is made from the following native, American medicinal roots: Golden Seal root, Queen's root, Stone root, Bloodroot, Mandrake root and Black Cherry bark. The medicinal properties of these are extracted by exact and peculiar processes with the use of chemically pure, triple-refined glycerine, of proper strength, and by means of apparatus and appliances devised for this special purpose, and in such a way as to produce a most perfect pharmaceutical compound.

As to the superior curative properties of some of the above ingredients, we can only give room here for a very few of the briefest extracts from standard medical works, but more complete information will be sent you, free of charge, in pamphlet form, if you will send your address, plainly written on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., with a request for the same.

Of Golden Seal root Prof. Bartholow, of Jefferson Medical College, says: "Very useful as a stomachic tonic (stomach tonic) and in atonic (weak stomach) dyspepsia. Cures gastric catarrh (catarrh of stomach) and headache accompanying the same." \* \* \* Chronic catarrh of the intestines, even if it has proceeded to ulceration, is remarkably benefited by Hydrastis (Golden Seal). \* \* \* It may be given as a remedy for intermittent, chronic and malarial poisoning, and enlarged spleen of malarial origin.

From "Organic Medicines," by Grover, M. D., of New York, we extract the following: "Hydrastis (Golden Seal) exercises an especial influence over mucous surfaces. Upon the liver it acts with equal certainty and efficacy. As a cholagogue (liver purgative), it has few equals. In affections of the spleen, and abdominal viscera generally, it is an efficient and reliable remedy. Also in scrofula, glandular diseases generally, cutaneous eruptions, indigestion, debility, diarrhoea and dysentery, constipation, piles and all morbid and critical discharges."

Dr. Coe further says: "Hydrastis (Golden Seal) is also of inestimable value in the treatment of chronic derangements of the liver. It seems to exercise an especial influence over the hepatic (liver) structure generally, resolving (dissolving) biliary deposits, removing obstructions, promoting secretions, and giving tone to the various functions. It is eminently cholagogue (liver accelerator), and may be relied upon for the relief of hepatic (liver) torpor."

Prof. John M. Scudder, M. D., of Cincinnati, says of Golden Seal: "It stimulates the digestive processes and increases the assimilation of food. By these means the blood is enriched." \* \* \* "In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

As to Stone root, the AMERICAN DISPENSARY says: "In diseases of stomach and intestines—improves appetite, promotes flow of gastric juice; tonic effect upon organs involved. A good remedy in indigestion, dyspepsia, chronic gastritis, increasing the secretion from kidneys and skin."

Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of Stone root: "In catarrhal gastritis (inflammation of stomach) where the circulation is defective, it either alone or combined with hydrastis, is of first importance. They increase the appetite and greatly improve the digestion and assimilation of food." \* \* \* "Is a heart tonic of direct and permanent influence. Excellent in the bicycle heart, in rheumatic inflammation and clergyman's sore thro."

the other ingredients entering into the composition of "Golden Medical Discovery" are equally praised for their curative effects in all stomach, liver and bowel affections and free of them for bronchial, throat and lung affections attended with severe cough, expectoration and kindred symptoms.

But you had best read for yourself the "words of praise" written concerning each and every ingredient of this marvelously efficacious medicine by leading medical practitioners and writers. This you can do by writing for the booklet mentioned in the preceding column. No other medicine for like purposes has any such professional endorsement as "Golden Medical Discovery," which should have more weight than all the ordinary testimonials so lavishly flaunted before the public by those who are afraid to publish their formulae that the search light of investigation may be turned upon them. It is well to know what one takes into the stomach whether in the form of food, drink or medicine.

From the same little book of extracts mentioned above it will readily be seen why Dr. Pierce's Favorite Prescription works such marvelous cures in those chronic and distressing diseases peculiar to women. In all cases of pelvic catarrh with weakening drains, bearing or "dragging-down" pains or distress, and in all monthly or periodical derangements and irregularities, the "Favorite Prescription" will be found to be made of just the right ingredients to meet and cure the trouble.

Your druggist sells the "FAVORITE PRESCRIPTION" and also the "GOLDEN MEDICAL DISCOVERY." Write to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him as directed in preceding column.

It is as easy to be well as ill—and much more comfortable. Constipation is the cause of many forms of illness. Dr. Pierce's Pleasant Pellets cure constipation. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, two a mild cathartic. All dealers in medicines sell them.

Dr. Pierce's 100-page illustrated book, "The Common Sense Medical Adviser," is sent free in paper covers or receipt of 21 one-cent stamps to pay the cost of mailing only. For 31 stamps the cloth-bound volume will be sent. It was formerly sold for \$1.00 per copy. Address Dr. R. V. Pierce, Buffalo, N. Y.

## PLAY THEIR LAST

### CARD FOR POLICE

The Commissioners Recommend Thirty Men.

General Council Probably Will Receive and File Communication With Records.

#### PROCEEDINGS OF THE MEETING.

In the opinion of the members of the board of police and fire commissioners, the have played their last card in petitioning the general council to increase the police force to a total of 30 men.

The general council probably will receive and file the petition and that will be an end to it for one year.

The general council considered the police question at the beginning of the present fiscal year and decided that the force was larger than necessity demanded. It cut down the number of patrolmen and made an appropriation to provide for the pay of the reduced force. Then the administration went to the legislature and had the state authorities fix the number of policemen Paducah must employ. This law went into effect Monday, but the apportionment for the year had been made previous to the enactment of the law. Under the charter the general council increases or decreases the police force on petition of the board of police and fire commissioners. The latter has nothing to do with fixing the number of men in the department. A legislative body can not be reached by proceedings in mandamus, so it looks as though the citizens will not have to pay for the extra policemen this year.

The board of fire and police commissioners met last night in regular session and adopted a resolution requesting the municipal boards to pass an ordinance providing for a police force of 25 patrolmen, one chief, lieutenant, captain and two plain clothes men. The resolution is to be presented to the boards at the next meeting. This means that the commissioners intend to put on thirty men in accordance with the legislative act providing that cities of the second class must have a force of not less than thirty men.

Rector David Wright appeared before the commissioners and requested the co-operation of the board in assisting in driving the ill-famed resorts from Kentucky avenue. He desires to convert it into park. No action was taken.

William Leonard and Russell Hughes were elected stationmen in the fire department, Chief Wood to assign them to their posts. They succeeded Syd Gilbert and Harvey Allen, resigned.

#### An Omission.

A well-known Boston writer tells, with glee, of a neat sally on the part of his 9-year-old son, who is a pupil in a private school at the Hub.

Apologues of something or other, the teacher had quoted the line, "In the bright lexicon of youth there's no such word as fail."

At this point the lad mentioned arose and politely made known his desire to offer an observation with reference to the maxim.

"It occurs to me, sir," said he, "that if such be the case, it might be advisable to bring the omission to the attention of the publishers of the lexicon."—Harper's Weekly.

#### Naval Maneuvers.

During this week Great Britain will begin a series of elaborate naval maneuvers. The object of the play at war, in which 225 warships of various types will be engaged, is to test the efficiency of the new admiralty plans for the protection of British commerce and the defense of the seacoast.

The many imitations of DeWitt's Witch Hazel Salve that are now before the public prove it the best. Ask for DeWitt's. Good for burns, scalds, chafed skin, eczema, tetter, cuts, bruises, boils and piles. Sold by Lang Bros.

#### German Philosopher.

Charles Robert Eduard von Hartmann, the German philosopher, died yesterday at his home in Grosslichterfeld, a suburb of Berlin. He was in his sixty-fifth year.

Thousands annually bear witness to the efficiency of Early Risers. These pleasant, reliable little pills have long borne a reputation second to none as a laxative and cathartic. Sold by Lang Bros.

#### Automobile Overturns.

The overturning of an automobile near Chicago cost two lives and injury to two others.

The sworn statement of the manufacturers protects you from opiates in Kennedy's Laxative Honey and Tar. Sold by Lang Bros.

## PLEASURE LAUNCH

### FOR SCHOOL WORK

Supt. Lieb Has a Fine Little Craft Built.

Will Take Athletic Teams and Botanical Expeditions Across the River.

#### IS FIRED HOYER'S HANDIWORK.

Supt. C. M. Lieb has for over a year been quietly working on a matter which will create a great deal of pleasant surprise to pupils in the schools when it is sprung. It is a launch and the craft will be finished in a few weeks and fitted out with motive power. Before the summer is half over the launch will be in the river in actual service.

The boat was built here, every lick of the carpenter work being done by Fred Hoyer, superintendent of buildings of the schools, but it was done on his "own time."

Patterns for the craft with all necessary drawings were secured and the work of building the hull was started nearly a year ago. This morning it was finished except the caulking and trimmings. It is 24 feet long and 54 inches wide. It is perfectly built.

Supt. Lieb has secured a six horse power gasoline engine and as soon as the painting, caulking and trimmings are finished he will have the engine installed. An eighteen inch propeller will be used, and the launch will doubtless be as fast as anything on the river in the pleasure boat line.

Supt. Lieb's idea is to have a boat not only for his own pleasure but for service in taking school parties across the river fishing, hunting and on botanical expeditions, and also the baseball team and tennis team to Metropolis or Cairo whenever dates for contests are secured.

#### NEW TREATMENT.

London Physician Aids White Corpuscles Do Their Work.

London, June 12.—Theosophic treatment for consumption is the most recent discovery of medical science to arouse the interest of the general public. A department is specially devoted to this study in a London hospital, where some 990 tests are made every week. The treatment is based upon the known function of white blood corpuscles, which is to assimilate and carry away diseased bacilli, but if certain organisms in the human body termed opsonins are not present in sufficient strength, the white corpuscles are unable to perform their function, and the disease makes headway accordingly. By a microscopical examination, if possible, it is determined whether the patient's power of resistance to micro-organisms—that is, richness in opsonins—is above or below the average. If it is below the average, serums made of dead bacteria of the same variety as those causing the disease are injected, with the result that the patient's own body stimulates the manufacture of opsonin in which it is deficient.

#### Raking Grass After Mowing.

Some persons advise raking after each mowing. I do not, because the clippings drop down into the grass and form a mulch, which I consider of great benefit. They also help to fertilize the soil.

The lawn that is not mowed often enough will not look well after you have been over it with the mower, because there was growth enough to partially hide the sward upon which it falls. This will wither and turn brown in a day or two and greatly detract from the beauty of the lawn. But if you keep your lawn well mowed—and that means going over it at least three times a week in ordinary seasons—the amount chopped off at each mowing will be so slight that there will not be enough of it to show. Let the knife blades be set high enough to leave at least two inches of the foliage.—Outing Magazine.

You cannot induce a lower animal to eat heartily when not feeling well. A sick dog starves himself, and gets well. The stomach, once overworked, must have rest the same as your feet or eyes. You don't have to starve to rest your stomach. KODOL FOR DYSPEPSIA takes up the work for your stomach, digests what you eat and gives it a rest. Put it back in condition again. You can't feel good with a disordered stomach. Try Kodol. Sold by Lang Bros.

#### Pure Food Bill.

With Senator Cannon's consent given for consideration of the senate pure food bill, it is believed that measure will now become a law.

#### Lid on Nominally.

No one suffered seriously in Louisville yesterday for want of a drink. The "lid" was on only nominally.

## To Be Happy—Be Healthy

Be healthy, buoyant, elastic in spirit, body and mind. You can't if you are constipated. Cure that disease.

Got Constipation?—Chase it.

Cast off the lethargy and be alive!

Beware the Daily Pill Habit!

Take the famous remedy THAT CURES—

## Chase's Constipation Tablets

Velvets

"In watch-shape bottles that fit vest pocket, 25 cents. Your Druggist or THE CHASE MFG. CO., Newburgh, N. Y."

## Wisdom of the Day

THE wisdom of the day is to make the home happier. It begins in the Kitchen, the storm center of annoyances. The Gas Range is the expression of the idea of the day—convenience. It satisfies the modern demand for efficient, refined, economical, time-saving service. Convenience and Economy call on you to

## COOK WITH GAS

### PADUCAH LIGHT & POWER CO.

## SUMMER THIS SUMMER IN COLORADO

Many people put aside all thought of an outing in Colorado because they are accustomed to consider this greatest of American play grounds as one of those impossible things beyond their means. Time was when a visit to the "top of the continent" was a great luxury, as high in price as in altitude, but not so today.

You can spend the summer or a part of the summer in Colorado and live as reasonably as you do at home, and the quick service and low tourist and excursion rates afforded via Rock Island lines bring the Rockies within your easy reach.

Our Booklets and folders give the whole story. Write today. GEO. H. LEE, G. P. A. Little Rock, Ark. P. S. WEEVER, T. P. A. Nashville, Tenn.

## The LENOX HOTEL IN BUFFALO

Modern. Highest Grade. Fireproof Throughout.

#### EUROPEAN PLAN.

Rates not excessive though The Lenox is noted for the excellence of its cuisine and general service.

Wire Reservations at our expense.

GEORGE DUCHSCHERER PROPRIETOR

North St. at Delaware Ave.

## Shirt Bosoms Starched Right

Ever have your shirts returned from the laundry with the bosom starched only in spots and with starch daubed all around the neckband and sides of the bosom?

We have a machine which saves you from such annoyances.

No chance to daub starch all over the rest of the shirt with this machine.

Let us demonstrate its value to you.

## THE UP-TO-DATE STAR LAUNDRY

Both Phones 200. 120 North Fourth St.

## WILLIAMS WILL SELL YOU A BICYCLE ON EASY PAYMENTS

### Reasons Why You Should Ride a Bicycle:

It is healthy, it is always ready for use, it is a pleasure, it will not get sick or die, it will save you car fare, it will take you home to lunch, it will save you a doctor bill.

#### EXPERT REPAIRING

The Tribune, Rambler, Monarch and Colonial Bicycles are the best that can be produced. \$15.00 up. See our stock of second-hand bicycles. Cheapest house in town for Tires, Bells, Pumps, Saddles, etc. Remember the place.

## WILLIAMS BICYCLE CO.

126-128 North Fifth St., Next to Kentucky Theater

## GARDEN HOSE

Several different grades and prices to select from. They are a necessary adjunct to comfort in summer.

## E. D. HANNAN, PLUMBER STEAM FITTER
